

NASF/AESF Palmetto Branch Presents: 3rd Annual Myrtle Beach Technical Conference

October 5-7, 2011

Hampton Inn & Suites Oceanfront, Myrtle Beach, SC

"WINNING IN AN EVER-CHANGING WORLD ECONOMY"

Myrtle Beach, SC

WELCOME

"Winning in a Ever-Changing World Economy" sounds like a mouth full, yet it is the intent and hope of the Palmetto Branch of the NASF, in putting on this 3rd Annual Technical Conference, to help you as a finisher not only survive, but win. With constant changes to governmental and environmental requirements, it becomes harder for your business to prosper in an unstable economic environment. We hope to have put together a group of speakers not only to help you grow your business, but how to sustain that growth through many different programs and available funding. Attendance at the Palmetto Conference can give you more insight into ways to combat the sluggish economy.

Paul Frank, Palmetto Branch President
